Did you know!

ACT subscores of English 18, Math 22 and Reading 21 are considered “remediation free” in Ohio. **This means no unnecessary classes (and expense) to become “college-ready.”**

Completing P2A successfully may qualify you for YSU’s College in High School program at your high school. **Taking college classes prior to graduation saves you time and money!**

** The ability of a student to be considered college-ready in one or both subject areas is contingent upon his/her active participation and successful completion of the program.*
