BIZ3D SUMMER CAMP

**Interested in 3D printing? Have a great idea for a business?
Then this camp is for you! At this camp, you will:**

- Learn about entrepreneurship – do you have what it takes to start a business?
- Use computer aided design (CAD) to create and print 3D models
- Brainstorm an idea for a new product
- Bring your great idea to reality by designing and printing a 3D model
- Create your business plan
- Pitch your idea and present your business plan to panel of local entrepreneurs

Field trip! Visit the Youngstown Business Incubator, tour America Makes, the national laboratory for 3D printing and INVENT3D Maker Space. Lunch will be provided on field trip.

Dates: June 24th – 27th (field trip on 27th)

Time: 9:00 AM to 2:00 PM

Place: Valley STEM+ME2 at MCCTC
7300 Palmyra Road
Canfield, OH 44406

Grades: Students entering 9th -12th grade

This is a FREE camp but you must register <https://forms.gle/owgCupNyWZtwsziJ9>

***** IT IS IMPORTANT TO ATTEND ALL FOUR DAYS*****

Attendance is limited - register today!

Campers must bring their own lunches except for field trip day.
