*\*Ask us about Ohio's TechCred Program which gives employers the chance to upskill current and future employees in today's tech-infused economy. Employers who submit successful applications will be reimbursed up to \$2,000 per credential when current or prospective employees complete eligible technology-focused credentials.*

### ABOUT OUR TEAM:

**Jim Jarvis** is MCCTC Adult Career Center's Training and Employment Coordinator. He is your point person and will help you design the training that your company is looking for. His varied background in education and industry helps him to better understand the training needs of manufacturers. Jim's career includes 37 years working in public education. Prior to becoming an educator, Jim was employed in a union sheet metal workers shop (Local 33) for 13 years.

**Jason Moore** is one of our MCCTC instructors and is a CNC programmer and operator by trade. With over 20 years working in industry, Jason has also been an instructor for 7 years.

**Tom Mihalopoulos** has invested close to 30 years in his career in the field of architectural millwork and manufacturing.

**Tom and Jason** are both FANUC Certified Instructors.
